

voco Lythe Hill | 4 Mile Walk | 1 Hour 30 Minutes (approximately)

A lovely, easy walk heading North from the hotel, before returning to bring you into via the back of the hotel. A pretty walk with beautiful countryside views.

Please note when following the trails, you are entirely responsible for your own safety and that of any accompanying children and/or pets. Always exercise common sense, judgement and caution. Walking anywhere carries a degree of risk.

1. From the hotel's main entrance, walk out onto the road and turn left. Please be careful of the road. Having crossed the brow of the hill, make sure you walk on the right-hand side. After $\frac{1}{4}$ of a mile, you will reach a right turning signed to Grayswood, turn down this and walk around $\frac{1}{2}$ mile until you see a footpath signed to the right as per the photo on the left.

2. Once you have turned right, continue for $\frac{1}{2}$ mile to pass farm buildings with a beautiful lake on your left. Turn right after you see the same as the photo to the left onto a track, continue down this track for 1 mile.

3. You will soon pass a large house on your left (the track turns into a small lane), the lane corners after the lake. Turn right on a signed footpath, crossing the field to the stile, you will need to go over the stile and cross the lane and then walk briefly up the driveway of Stream house as per the photo on the left.

4. Almost immediately, before reaching the modern cottage, turn right into the field (as per the photo) to walk along its right-hand edge. At the end of the field, corner right on the path through the woodland to soon drop down to the road.

5. Cross over the road to walk up the driveway ahead to a stud as per the photo on the left. As the driveway swings left to the house, stay straight on the track up towards the metal gate. Proceed through the gate, into the woods, passing the first field on the right-hand side. At the start of the second field, there is a stile on the right into the field.

6. Cross over the stile into the field as per the photo on the left and walk all the way up the right-hand side, you will then need to go over another stile into a second field, to reach the woodland beyond.

Enter the woodland and stay ahead on the path and head sharply uphill. Continue straight as you come out of the woods, crossing a wide track and passing through a kissing gate. Keep straight across the field to the woodland ahead.

Exiting the field onto a track, turn right. Walk down the track, soon skirting a property to walk down its driveway (do not follow the path marked *Serpent trail*). The driveway will bring you down beside a lake, continue to bring you up to the back of the hotel.
